## Fund Report - July 2017

### Fund Commentary

The Australian market was generally flat in July, with the ASX 200 flat for the month, and the ASX Small Ordinaries increasing by 0.3% for the month. The Affluence Small Company Fund had a strong month and increased by 1.9%, with the Fund returning 6.4% over 12 months and 8.9% per annum since inception. The Fund has outperformed its benchmark (ASX Small Ordinaries) over 12 months and since inception.

We sold the two remaining LICs in July and added a new investment, the Spheria Australian Microcap Fund. This is a relatively new manager which was founded by the former portfolio managers of the Schroders Microcap Fund, who had an excellent track record in that fund. Our best performing Funds this month were the Phoenix Opportunities Fund (up 3.7%), and the Spheria Australian Microcap Fund (up 3.5%).

At the end of July, the Affluence Small Company Fund held investments in 6 unlisted funds (including the Affluence LIC Fund) representing 95% of the total portfolio, and the balance 5% cash.

## What Makes This Fund Different

Traditional Fund Managers	Affluence - Invest Differently
<b>Follow The Herd:</b> Traditional managers are too scared to fail, so they don't succeed. Most don't outperform the index.	<b>Actively Pursue Out-performance:</b> From our fee structure alignment to our investment methodology, our strategy targets positive returns and low volatility.
<b>Restricted Product Selection:</b> Commonly places clients into their own managed funds or choose from a restricted list of 'approved' funds.	<b>Best Of Breed:</b> We will seek the best fund managers, and combine them in a way which cushions against market corrections.
<b>Traditional Asset Classes:</b> Manage large amounts in traditional asset classes (e.g. ASX200 equities), which minimises chances of excess performance.	<b>Unique Strategies:</b> We prefer managers who operate in specialised markets with less funds under management and a competitive advantage.
<b>High, Fixed Fees:</b> Take fees regardless of performance.	<b>No Fixed Fees:</b> Our fees are 100% performance based.
