Identification Information

In 2006 the Federal Government enacted the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML / CTF). The purpose of this legislation is to detect and prevent money laundering and terrorism financing.

Why does this legislation affect you?

AFM have to meet stringent Investor identification and verification requirements. This means that prior to units in any Affluence managed fund being issued, we must be 'reasonably satisfied' that Investors are who they claim to be.

What do you need to do?

If you invest in the Fund through a financial adviser or an IDPS facility then they may request and collect verification materials from you. If you are investing directly, you need to provide Identification Information. The documents required differ depending on the type of entity making the investment. We may require additional information from you where we reasonably consider it necessary to satisfy our obligations under the AML / CTF Act. Applications cannot be processed until all the necessary information is provided.

What Identification Information must be provided?

The type of entity making the investment determines what Identification Information you must provide.
